OVER ➔

Products published in the CRA Newsletter have been selected on the basis of merit from hundreds of products under evaluation. CRA conducts research at 3 levels: (1) Multiple-user field evaluations, (2) Controlled long-term clinical research, & (3) Basic science laboratory research. Over 390 clinical field evaluators are located throughout the world & 48 full-time employees work at the institute. All professional staff volunteer their time. Neither the Director nor the Evaluators receives a salary. A product must meet at least one of the following standards to be reported in this publication: (1) Innovative & new on the market; (2) Less expensive, but meets the use standards; (3) Unrecognized, valuable classic; & (4) Superior to others in its broad classification. Your results may differ from CRA Evaluators or other researchers on any product because of differences in preferences, techniques, batches of products, & environments. CRA is a non-profit corporation using a unique volunteer structure to produce objective, factual data. All proceeds are used to support the work of CRA & the CRA Foundation, a tax exempt foundation. This Newsletter or portions thereof may not be duplicated without permission of CLINICAL RESEARCH ASSOCIATES. Annual English subscription $49 in U.S. & $54 (U.S. Funds) in other languages &/or countries, or $5 per issue.
